Subject: amicus opportunity in Stormans v. Weisman

Hi Jimmy,

Hope you're doing well. I wanted to make sure you had seen the attached States' amicus brief supporting cert in Stormans. AZ took lead in drafting, and so far MT, UT, SC, MI, TX, OK, NV, WV, NE, and AL have joined (waiting to hear back from other states). Is this something the governor would want to sign on to? It would be great if North Carolina joined as this has broad implications for conscience and free exercise.

You may be interested to know that the West Virginia Pharmacists Association has agreed to join a separate brief supporting certiorari in this case. That brief is being filed on behalf of 25+ state pharmacy associations—**including North Carolina**, as well as 4 national organizations, including the American Pharmacists Association and the National Alliance of State Pharmacists Associations. The pharmacists brief demonstrates that Washington's regulation is grossly out of step with industry standards and threatens the rights of pharmacists.

The brief must be filed by Friday, Feb 5, and I assume that AZ will add states to their brief until sometime tomorrow (I know it's a late turn around) when it goes to the printer.

Thanks for considering this opportunity. Please let me know if you have any questions, or would like additional info. My cell is 202-905-6197.

Best,
Kellie
